*What is a trunk show?* A Jolyn representative will bring hundreds of suits in their best selling prints and styles to an event for girls and women to try on, purchase, and take home that same day. You can even get items that might be sold out online and there is no sales tax or shipping costs.

Jolyn Swimwear is a small company that uses the highest quality materials and construction at an honest price. Heavy thread counts, fancy Italian fabric, and responsible production (made in America). So you get a suit that fits, stays put, and lasts.
